Opflow - DevOP **Meeting Minutes**
Tuesday, February 16, 2021

Attendees: James Setliff
              Courtney Hill
              Christopher Lebovitz
              Kacheef White
              Charles Young

Items Discussed and Decisions Made:
- Weekly "Stand-up"
  o Chris: look up code for react to make webpage more interactive
  o Courtney: Worked with Chris and James and got the columns to appear dynamically from button click on to the main page. Working on adding input text and new button to add task form to get input from user.
  o James: refactored code because the database was timing out
  o Kacheef: made 3 tables for data base and meet with James to make sure they were on the same page.
  o Charles: look into new tasks

Action Items:
- Add task form button to columns
- Get new task to display on div form.
- Get everyone connected to github and create sandbox repository

Note: For our purposes, <u>each student</u> is to post the meeting minutes to their personal repository.
